# Product Descriptions

## Algebra in the Real World DVD

Algebra in the Real World will enable you to show your students the excitement, the power, the range and the results of the applications of algebra in fascinating career fields. From astronomy to forestry, sports equipment design to saving endangered species, alternative energy to farming, algebra is shown in its vital role as the tool that allows us to create, to understand, and to improve our world.

DVD includes 18 popular Futures Channel movies with algebra curriculum connections, supplementary algebra curriculum and correlations to the Common Core Mathematics Standards!

DVD includes:

Aquarium Makers  
Building & Testing Wheels  
Designing Stronger Skateboards  
Engineering Faster Bikes  
First One in the Ballpark  
Landscape Architects  
Maglev Trains  
Reliable Robots  
Roller Coasters

Saving the Bald Eagle  
Solar Energy: Photovoltaics  
Structural Engineering  
Testing the Robotic Hand  
The Forester  
The Lundberg Farms  
The Starshade  
The Wind Business  
Windsails

## Top TFC Movies: Volume 1

Enjoy this special collection of The Futures Channel's most popular real-world videos without having to connect to the Internet. Take your students on a field trip every day and show them math and science in the real world (no school bus required). Futures Channel Lesson Plans are provided with DVD purchase.

Volume 1 includes:

The Blackfooted Ferret  
Building Custom Guitars  
Creating Cars  
Designing Stronger Skateboards  
Moorpark Zoo: Managing Exotic Animals

Predicting the Weather  
Recycling Computers  
The Rhythm Track  
Roller Coasters  
The Wind Business

## Top TFC Movies: Volume 2

Three words: Fast, affordable and simple. With this second volume of The Futures Channel's top movies on DVD, you can be inspiring your students with more real world applications of math and science in a matter of seconds. Futures Channel Lesson Plans are provided with DVD purchase.

Volume 2 includes:

100,000 Computers a Day  
The Backpack Designer  
Bats  
Cheetahs  
Designing Toy Cars

Flowers by the Millions  
Maglev Trains  
The Shape of Phones  
Testing Bats  
Undersea Treasure

## Good Morning Miss Toliver DVD

Now available on DVD, the popular PBS special *Good Morning Miss Toliver* is a celebration of the teaching profession and the power of a teacher's conviction that all students can learn. This profile of East Harlem Tech/PS 72's Kay Toliver has become one of the most-widely used staff development resources in the country.
